

Appendix A
Documentation for Eligibility - HIV/AIDS Diagnosis

Clients receiving services through the RWHAP must have a diagnosis of HIV/AIDS. Acceptable forms of documentation include the following:

- Confirmatory HIV test results
- Signed and dated viral load test results
- Signed and dated written statement from a physician
- Signed and dated MADAP medical form
- A discharge summary or other hospital record that verifies HIV positive status

Sub-recipients must keep documentation of the client's HIV-positive serostatus in the client's record. Proof of HIV status must be available upon request.
