

## APPENDIX A: RYAN WHITE SERVICE PROVIDERS.

### Service Provider Directory.

This service directory organizes the Ryan White funded services in the EMA by service category and jurisdiction.

An up-to-date listing of contact information and other pertinent details can be found online at the planning council's web site here: [http://www.baltimorepc.org/v2/main/page.php?page\\_id=79](http://www.baltimorepc.org/v2/main/page.php?page_id=79). Information included consists of contact information such as address, phone number, fax, website, and appropriate contact person. Categories are arranged alphabetically and organized by jurisdiction.

Providers that have an asterisk listed after their names have been funded through the Ryan White Part A services to surrounding counties (STSC) set-aside. Even though a provider may not be listed next to a particular jurisdiction, this does not mean residents of that county cannot receive services from that provider.
