

Rehabilitation Services

HRSA Description (10-22-2018)

Rehabilitation Services provide HIV-related therapies intended to improve or maintain a client's quality of life and optimal capacity for self-care on an outpatient basis, and in accordance with an individualized plan of HIV care

HRSA Program Guidance

Allowable activities under this category include physical, occupational, speech, and vocational therapy.

Rehabilitation services provided as part of inpatient hospital services, nursing homes, and other long-term care facilities are not allowable.
