

Maryland Medicaid Program & HIV Service Delivery

Claire Gregory, Special Assistant, Office of Healthcare Financing

March 14, 2022

Maryland Medicaid Program

Maryland Medicaid Basics

Maryland Medicaid Basics

- In Maryland, Medicaid is also called Medical Assistance or MA
- MA is a joint federal-state program that provides health and long-term care coverage to low-income children and parents, pregnant women, the elderly, and people living with disabilities
- Medicaid provides benefits for an average of more than 1.6 million people-approximately one in six Marylanders
- Over 1 million are enrolled in HealthChoice (managed care)

Maryland Medicaid Program

Eligibility

Eligibility

Modified Adjusted Gross Income (MAGI) is used to determine eligibility for the following eligibility groups:

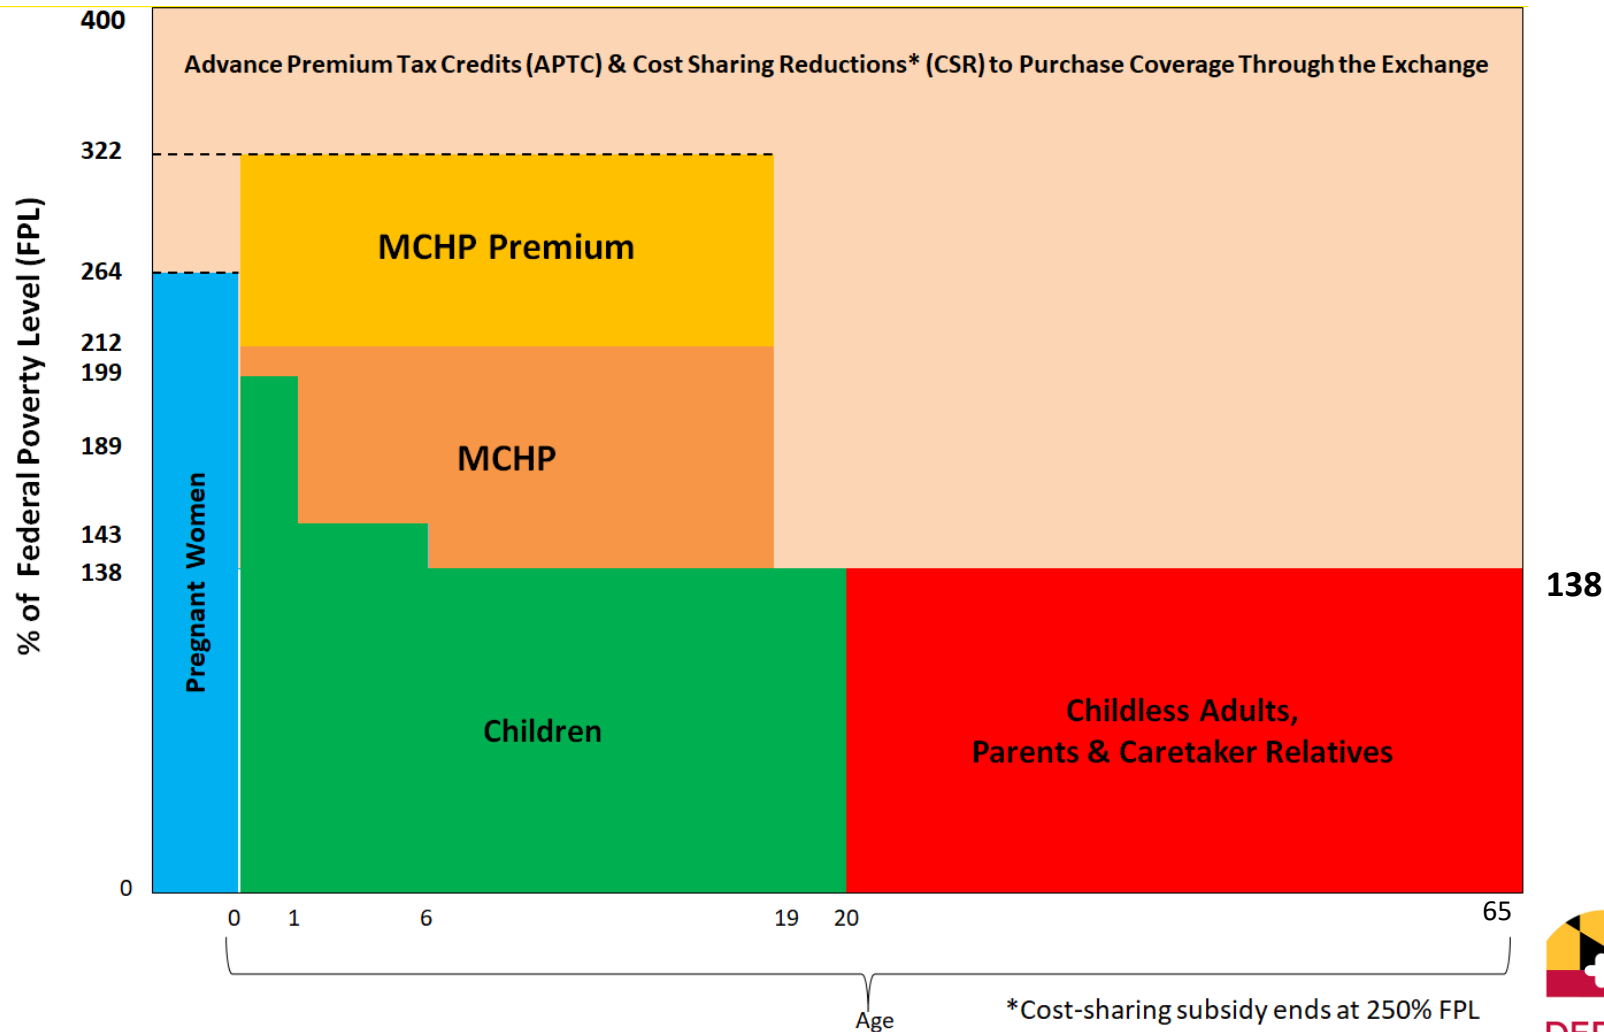

- Children
- Adults under age 65
- Parents and caretaker relatives
- Pregnant women

Non-MAGI Populations

Income and household composition rules have **not** changed for other eligibility groups now mentioned above, including eligibility on the basis of being:

- Aged, Blind, Disabled
- Medically Needy
- Populations for whom income is not an eligibility factor, such as foster children

Medical Assistance Coverage Based on MAGI and APTC/CSR Through Maryland Health Connection

MAGI Eligibility

- Adults under age 65: Up to 138% of the Federal Poverty Level (FPL)
- Children: Up to 322% FPL
- Pregnant Women: Up to 264% FPL
- Children enrolled in foster care in Maryland at 18 are covered on Medicaid up to age 26, regardless of income
- Individuals from 138-400% FPL are eligible for Qualified Health Plan (QHP) coverage and subsidies through the Maryland Health Connection

MAGI Income Eligibility for Adults, Children, Pregnancy

You may be eligible for Medicaid if your monthly income is up to approximately:					
If your household size is this	Adults	Children (MCHP)	Children (MCHP Premium*)		Pregnant Women
1	\$1,564	\$2,391	\$2,991	\$3,648	N/A
2	\$2,106	\$3,220	\$4,029	\$4,914	\$4,029
3	\$2,650	\$4,051	\$5,069	\$6,182	\$5,069
4	\$3,192	\$4,880	\$6,106	\$7,448	\$6,106
5	\$3,734	\$5,710	\$7,144	\$8,713	\$7,144
6	\$4,278	\$6,541	\$8,184	\$9,982	\$8,184
7	\$4,820	\$7,370	\$9,222	\$11,247	\$9,222
8	\$5,363	\$8,199	\$10,259	\$12,513	\$10,259
Each person add	\$542	\$829	\$1,038	\$1,265	\$1,038
You Pay	\$0	\$0	\$61	\$76	\$0

The Affordable Care Act (ACA) and Older Adults

- The ACA was designed to expand health care coverage for individuals under 65
- Medicare choices and benefits have not changed
- The ACA has not changed how Medicaid eligibility is determined for adults aged 65 and older

Dual Eligibles

- Medicaid expansion does not change the rules for individuals who are eligible for both Medicaid and Medicare
- “Dual eligibles” continue to be eligible for the same premium and cost-sharing benefits for which they are currently eligible
- Eligibility for these benefits will continue to be based on the income and asset rules

Dual Eligibles Cont.

- Certain individuals qualify for Medicare and full benefit Medicaid coverage
- Individuals who are disabled or over age 65 and who receive SSI as well as Medicare
- Individuals who are disabled or over age 65 and whose income is 40% or less of the FPL
- Medicaid pays Medicare premiums and cost-sharing charges and “wraps” Medicaid to provide Medicaid services not picked up by Medicare
- If an individual over age 65 is in this medically needy group and not entitled to free Medicare Part "A," the individual is required to apply for “buy-in” Medicare, for which Medicaid will pay the premium

QMB/SLMB

Qualified Medicare Beneficiary Program (QMB)

- Income limits: 100% or less of the FPL
- Asset limits: \$7,730/individual or \$11,600/couple (adjusted annually for inflation)
- Individuals are eligible to have their Medicare co-pays, coinsurance, deductibles and monthly Medicare Part "B" premiums paid by the Medical Assistance Program
- If an individual is enrolled in Medicare Part "B," but is not entitled to free Medicare Part "A," Medicaid will pay the Part "A" premium as a buy-in benefit

QMB/SLMB Cont.

Specified Low Income Medicare Beneficiary Program (SLMB)

- Income limits: 100% - 120% of the FPL
- Asset limits: \$7,730/individual or \$11,600/couple (adjusted annually for inflation)
- Individuals are eligible to have Medicaid pay their Medicare Part "B" premiums only
- Individuals with slightly higher incomes (120% - 135% FPL) can also qualify for SLMB benefits through the QI program; QI beneficiaries must meet asset limitations of \$7,730/individual or \$11,600/couple (adjusted annually for inflation)

The Five Year Bar

Medicaid Coverage:

- Qualified aliens, such as legal permanent residents, must have resided in the United States as a qualified alien for **five years** in order to qualify for full Medicaid
- Certain immigrants, including refugees, do **not** need to meet this five-year bar
- Pregnant women and children also do **not** need to meet this five-year bar

Qualified Health Plan (QHP) coverage:

- Recent lawfully-present immigrants who have not met the five-year bar can apply for health coverage through a QHP
- Lawfully-present immigrants at any income level up to 400% FPL who are ineligible for Medicaid *are* eligible for assistance to reduce the cost of coverage through a QHP
- To qualify, such individuals must be lawfully-present *and* meet all of the other APTC eligibility criteria

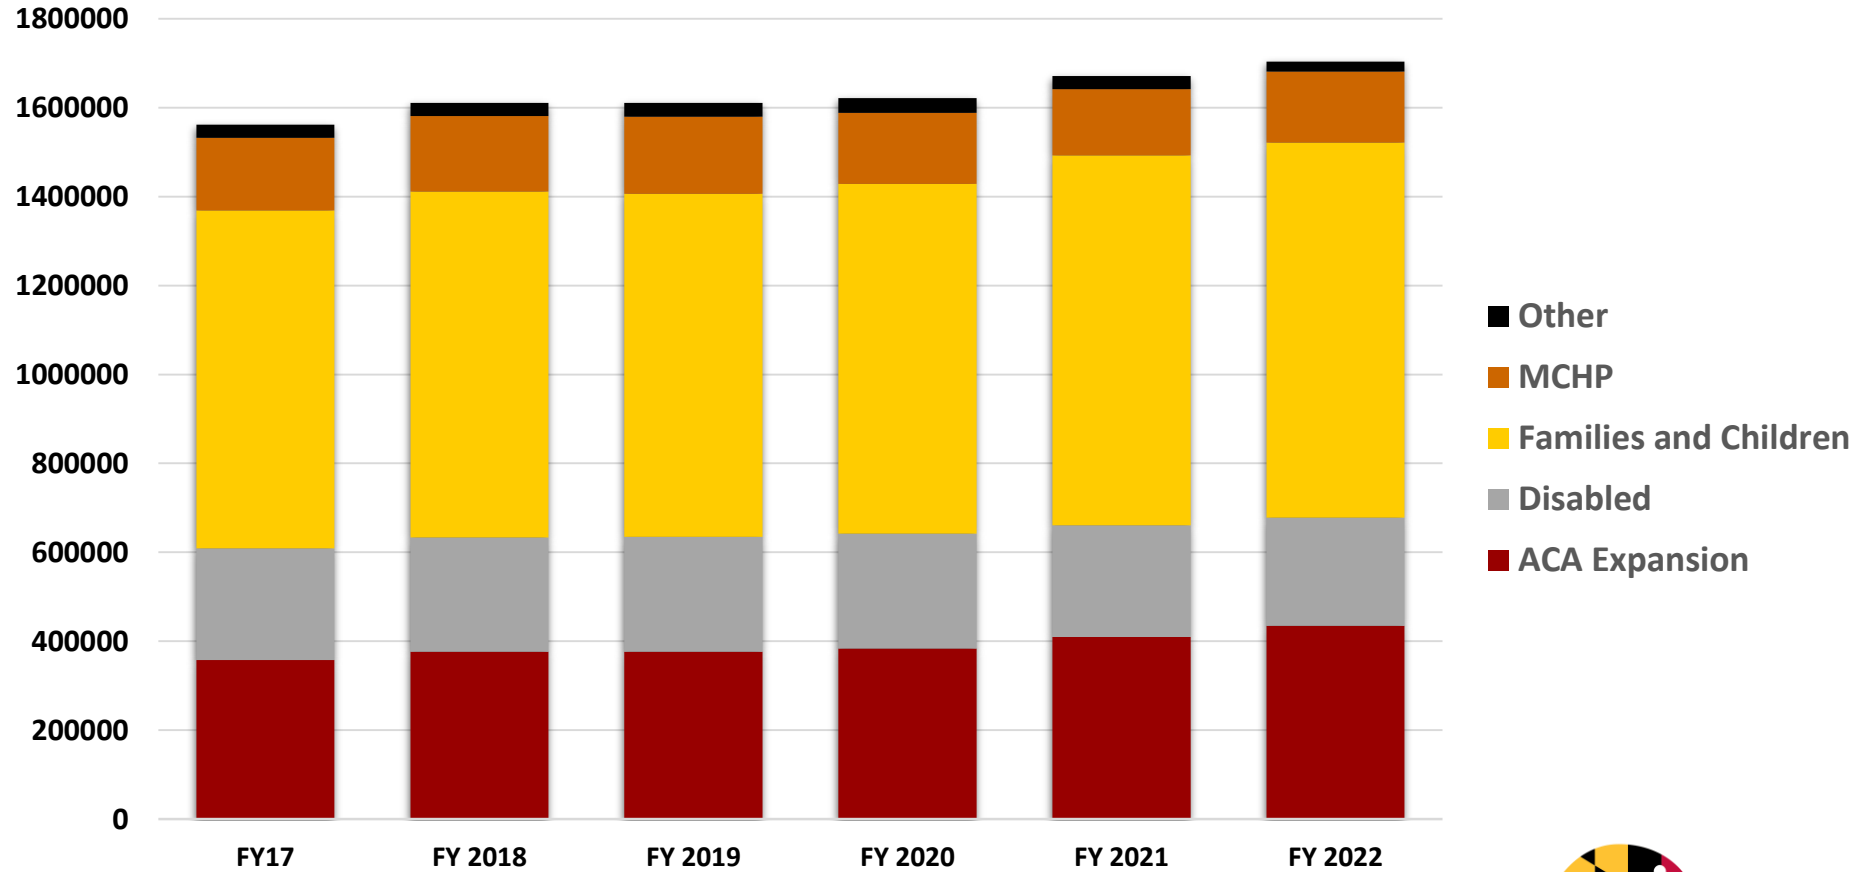

Undocumented and Nonqualified Aliens

- Individuals who are not legally in the United States (undocumented and nonqualified aliens) are not eligible for Medicaid, APTC or CSR
- They cannot purchase unsubsidized health insurance coverage through a QHP
- They will continue to be eligible for emergency medical services through the Medicaid program

Maryland Medicaid Program

Medicaid Enrollment

Maryland Medicaid Program

HIV Service Delivery

Current Service Delivery

- Most people in Medicaid and the Maryland Children's Health Program (MCHP) are in *HealthChoice*, Maryland's managed care program
- Under *HealthChoice*, enrollees choose 1 of 9 Managed Care Organizations (MCOs) to provide their care
- MCOs contract with MDH to provide Medicaid covered services through their provider networks in return for monthly payments from MDH. MCOs may offer additional benefits
- If an individual does not qualify for *HealthChoice* (e.g., because they are Medicare eligible or in a long-term care facility), they will still receive Medicaid services, but through fee-for-service (FFS)

HealthChoice MCOs

- Aetna Better Care
- Amerigroup Community Care
- CareFirst BlueCross Blue Shield Community Health Plan Maryland
- Jai Medical Systems
- Kaiser Permanente
- Maryland Physicians Care
- MedStar Family Choice
- Priority Partners
- UnitedHealthcare

Services Currently Covered Under Medicaid

- Medicaid and MCHP cover a broad range of health care services, including services mandated by the federal government, as well as optional services that a state may choose to cover
- MCHP and Medicaid have the same benefit package, which includes:
 - Hospital care (inpatient and outpatient)
 - Nursing home and home health care
 - Physician services
 - Low-cost or free prescriptions drugs
 - Laboratory and x-ray services
 - Outpatient substance abuse treatment
 - Mental health services
 - Early and periodic screening, diagnostic, & treatment (EPSDT) services for children under 21
 - Family planning services
 - FQHC services
 - Nurse midwife and nurse practitioner services
 - Dental care for children and pregnant women
 - Vision care for children
 - Transportation to medical care (provided through Local Health Dept.)
 - **Case Management for HIV/AIDS patients through MCOs**

HIV Services

- Currently, for HIV/AIDS enrollees, MCOs must offer case management, linking the enrollee with the full range of available benefits, as well as any needed support services
- Some Medicaid services are “carved out” of the MCO benefit package (such as HIV drugs)
- HIV drugs and other services are paid through Medicaid fee-for-service (FFS), not by the MCOs
- Behavioral health services and substance use disorder treatment are “carved out” of the MCO benefit package and administered by an ASO

Hepatitis C Drug Therapy

- **Drug Therapy**

- [MDH Pharmacy Program-Hepatitis C website](#)
- Beginning October 1, 2019 **all** Metavir scores are now covered
- Must be in accordance with FDA approved indications
- Currently have therapies to address each Genotype
 - 1a, 1b, 2, 3, 4, 5 & 6

Hepatitis C Therapy Requirements

- Pre-Treatment Evaluation
 - HIV status, and if positive, current antiretroviral regimen and degree of viral suppression within 6 months of application for therapy. HBV status must also be documented
 - Adherence evaluation: Providers must assess and document the patient's ability to adhere to therapy
 - Drug Resistance testing as indicated
- Patient Treatment Plan
 - Required that the patient have treatment plan developed by a provider with expertise in Hepatitis C management

Long Term Care

- Home and Community-Based Options Waiver
 - Provides services for older adults and individuals with physical disabilities in order for them to live at home or assisted living facility instead of a nursing facility
 - Includes: Assisted Living Services, Medical Day Care, Senior Center Plus
- Medical Day Care Services Waiver
 - Offers MA participants services in a community-based day care center
 - Services offered include: skilled nursing, medication monitoring, social work services, and therapy
- Maryland Chronic Health Homes
 - Targets populations with behavioral health needs who are at high risk for additional chronic conditions, including those with persistent mental illness, serious emotional disturbance, and opioid substance use disorder

Long Term Care Cont.

- The Program of All-Inclusive Care for the Elderly (PACE)
 - Provide comprehensive medical and social services to older adults. Jointly administered through CMS and MDH
 - Designed to provide and coordinate all needed preventive, primary, acute and long-term care services so older individuals can continue living in the community
 - Offered through Hopkins ElderPlus, located on the Bayview Campus
- Increased Community Services
 - Allows eligible individuals in nursing facilities to return to their homes and communities and received specific waiver and Medicaid Services
 - Includes: Assisted Living, Home-Delivered Meals, Supports Planning
- The Community First Choice Program
 - Provides home and community based services to older adults and individuals with disabilities
 - Includes: Personal Assistance, Personal emergency response system, supports planning services

HIV/AIDS MCO Capitation Rates

- For HealthChoice enrollees, Maryland uses a risk-adjusted methodology to set capitation rates
- HealthChoice HIV/AIDS Capitation Rates for medical costs, per member per month, mid year rates for 2021 (all HIV/AIDS drugs are carved out):
 - HIV Families & Children: **\$2,768.62**
 - HIV Disabled: **\$4,548.96**
 - HIV Childless Adults: **\$3,130.05**
- AIDS:
 - Baltimore City: **\$3,837.29**
 - Rest of State: **\$3,491.15**

HIV/AIDS Pharmacy Costs

- Medical costs, non-HIV/AIDS drug costs, and case management are included in capitation rates
- All HIV/AIDS drugs are carved-out of *HealthChoice* and are covered under FFS
- HealthChoice and FFS participants pay:
 - **\$1** co-pays for all HIV/AIDS drugs and generic/preferred drugs
 - **\$3** for brand-name/non-preferred drugs
- Medicare Part D provides complete pharmacy services to individuals who are “dual eligibles” except certain drugs that are excluded from Medicare
 - Drugs not covered by Medicare that are provided through Medicaid have a copayment of \$1 for generic medications and \$3 for brand-name drugs
