

Results Framework

VISION

The Center for HIV Prevention and Health Services (CHPHS) envisions a Maryland where new HIV infections are rare, and when they occur, every person, regardless of age, gender, race/ethnicity, sexual orientation, gender identity, or socio-economic circumstances, has the same opportunities for receiving high-quality care, free from stigma and discrimination.

STRATEGIC PRIORITIES

- Vulnerable populations
- Differentiated service delivery models
- Dynamic continuum of care
- Addressing the local epidemic
- Responding to rapid transmission clusters
- Improving health workforce availability and performance

RESULTS FRAMEWORK

Strategic goal

Zero HIV transmission

Strategic Objective 1

Improve the identification of persons with HIV

Strategic Objective 2

Improve the accessibility to needed medical and support services

Strategic Objective 3

Improve retention in care and adherence to ART

Strategic Objective 4

Improve the quality and efficiency of services

Strategic Objective 5

Improve the availability, accessibility, and performance of the workforce
